

force of the community is at work on the case. The citizens of Portsmouth are excitedly discussing the murder on the streets to-night.

Lynchings for the murder is being openly talked and there is an element in the city worked up to a high point of excitement that would make quick work of any one whom they might think guilty of the crime.

Husband Is Notified.

WASHINGTON, D. C., September 10.—Lieutenant Frank Rorschach was located by the Navy Department this morning about the armored cruiser Tennessee, now at the Boston Navy Yard, and the captain was asked to break to the young officer the news of his wife's murder.

Lieutenant Rorschach will be relieved from duty at once to proceed to his home. He was born in Kansas, but was appointed to the navy from Virginia. Last month he was promoted to a lieutenant. After he had served for two years aboard the Marietta.

AUSTRIAN LINE.

OF STEAMSHIPS

To Transport Immigrants from Trieste to Charleston and South.

CHARLESTON, S. C., September 10.—Baron von Pilas, formerly director of the third class passenger department of the North German Lloyd Steamship Company, has organized the International Steamship Company to operate a line of steamships between Trieste and Charleston, the first vessel to sail in December. The new line has important connections in Europe.

The line will make a specialty of handling immigrants to the South. Baron von Pilas was in this country two weeks ago and completed arrangements for the inauguration of the line. This company, it is stated by its promoters, has no connection with the North German Lloyd Company, which announced yesterday that it had no intention to establish steamship connections between Adriatic ports and Charleston.

PRIZE FIGHTER

NOW PREACHER

Kid Wedge Quits Squared Circle to Begin Career in Pulpit.

OMAHA, September 10.—Kid Wedge, the once well-known Western prize-fighter, has just been appointed pastor of the First Presbyterian Church at Barnston, Neb. In a letter to the Omaha Daily News, Wedge says:

"I have just been chosen pastor of the Barnston Presbyterian Church for one year, with a salary sufficient to pay my expenses at the State University.

"The public often thinks a prize-fighter has not a very strong grade of intellectual force, but I always tell them that the greatest knocks that fighters receive come from those who never talked with a prize-fighter in their lives.

"It would be well for ministers and those would-be reformers to get acquainted with these so-called 'human brutes,' as a little information on the subject might help them greatly to change their opinions."

SEWED HER UP.

Then Negro Woman Went to Station and Swore Out Warrant.

Annie Water, a colored woman, was severely cut by a negro man named William Brown, alias Paul, last night near Eighteenth and Broad Streets. The ambulance, in charge of Dr. Hinchman, was called, and the doctor sewed Annie up in such shape that she was able to go to the First Police Station and swear out a warrant for the arrest of her assailant. A Paul, who on a previous occasion had been arrested, served the warrant later in the night.

Sent to Jail.

Henry Archer (colored), charged with stealing \$350 from Sam Jones, was sent to jail for show trial. Police Court yesterday. Archer drove a wagon for Jones, and was suspected of collecting bills from the latter's patrons and failing to return the money. He was on a warrant in a case a few days ago and a warrant was sworn out.

"The Steinway Contains All Excellencies."

This is the decision of the great florid after thoroughly testing all the leading makes of Pianos. "I have a Steinway in my house; it contains all excellencies."

Can anything be plainer than the above words? But ALL the GREAT artists praise the Steinway—all who know its matchless worth praise it.

And the Steinway is one of the famous makes of Pianos that we sell and have sold for years.

You are never experimented upon when you choose an instrument from this line:

Steinway, Hardman, Kimball, Wheelock, Standard, Stuyvesant, Haines, Brewster, Weser.

It is an easy matter for a piano house to claim superiority. The above line of Pianos have proved their superiority.

Do you catch the distinction? Now, when you are reminded by the school days that the children need a piano, get a good one.

You can't afford to experiment—to take chances with your children's musical education or the risk of a bad piano in your home.

The prices and terms are right. All you have to do is to look over the line and get the prices and terms to be convinced of the fact.

POLICE ON TRACK OF BOLD THIEVES

Believe They Will Soon Land Men Who Robbed J. M. Coleman on Monday.

J. M. Coleman, of Victoria, Va., who was "rolled of his wad" on Monday night by two white men on a suspicious record, was in Police Court yesterday morning on the charge of being drunk and was dismissed on his promise to go back to his home. There is no doubt that Coleman was drunk. In fact, he was stupefied, and it was not until after a long night's sleep that he could give a very connected account of his adventures after reaching Richmond. Even now he is somewhat uncertain as to how much money he lost, and though some parts of his story have been fully verified, others are open to doubt.

Coleman certainly had a considerable amount of money when he arrived in the city, as in a saloon where he was seen with the two Richmonds, he flashed a roll of bills, the outside one of which was a twenty-dollar gold certificate. Coleman's satchel was located by the police yesterday afternoon, he became bedridden so soon after he landed here that he is doubtful of many matters. He remembers taking several drinks with two strangers and the bills from his pocket roll, however.

Detectives Gibson and McMahon, with Bicycle Policemen Atkinson, are working on the case, and have an excellent description of the two men, who are, in fact, well known to the police, and who will probably be arrested shortly.

That Coleman was doped and rolled by two men of whatever money he had and with him has been proved by the police investigation with witnesses other than Coleman himself, who made a poor showing in the Police Court yesterday.

Michigan Bonds Accepted.

LANSING, Mich., September 10.—State Railroad Commissioner Glasgow has issued a statement that all the railroads in Michigan have agreed to accept the two-cent fare law when it takes effect September 20th. Only the upper peninsula lines and a few hundred miles of lines that have not yet been established on a sufficiently remunerative footing are exempt from the two-cent rate.

WIND DESTROYS BIG SHOW TENTS, COVERING UP ANIMALS.

SPENCER, N. C., September 10.—A severe wind storm this afternoon played havoc with tents of the Johnnie Jones exposition, located in Spencer this week. Two of the large tents were torn down and the show stopped. A large crowd was present, but no one was hurt. A den of animals was covered with debris, but none escaped.

"POP" TATE SWATTED ME.

Got Many Hits, and Police Won, Thirteen to Two.

The police baseball team, under the direction of Captain "Pop" Tate, held its first practice yesterday afternoon on the Christ Church grounds, playing a scrub team of the Christ Church Association, and beating them by the score of 13 to 2. "Pop" Tate showed something of his old form, going to bat four times and making three clean hits.

The championship game between the police and the mail-carriers has been set for September 19th at Broad Street. The Richmond team goes to Danville for the 19th and 20th, and comes back here on Saturday, the 21st, to close the season in a final wind-up. The police games on the 21st, therefore, be just at the height of the baseball season, and will no doubt be well attended.

ALLEGED DOPE VENDOR.

William Tompkins Placed Behind Bars for First Time.

William Tompkins (colored) was arrested yesterday morning on the charge of selling cocaine. Policemen Bryant and Kellum worked up the case and landed Tompkins in the cells of the First Station.

Tompkins is believed to be one of a gang of dope sellers, several of whom have already been convicted.

Not Case of Smallpox.

The Health Department received a report yesterday to the effect that a case of smallpox had been found in the city, and the city health officer, Dr. Hinchman, ordered an immediate investigation. It was not smallpox at all, however. No disease of this character has been found in Richmond for some time, and the report in that respect is particularly good.

THE WEATHER
